

# SOUL SISTER

I woke up this morning you were in my dream last night  
Something in my heart is saying, something's just not right  
I can feel you from a distance, and I know that you feel me  
I just can't shake this feelin' no, something's haunting me

Even though we haven't spoken for a while  
Everytime I think of you, it makes me smile  
I've learned so much from your reflection  
Time cannot contain this kind of connection

I'm callin' you Soul Sister, just lay your burden on me  
Cause you're my Soul Sister, you can always count on me  
I'm your soul sister, gonna dance until we're free  
Because we're Soul Sisters, talk to me

You don't need to be perfect, you can show me your weakest side  
I'll answer your calls at 4am, I'll always be your life-line  
Don't be afraid to open up, I've got so much love right here  
I celebrate all of your colors while the picture becomes clear

Even though we haven't spoken for a while  
Everytime I think of you, it makes me smile  
I've learned so much from your reflection  
Miles cannot erase this kind of connection

So I'm callin' you.... soul sister just lay your burden on me  
Cause you're my.... soul sister, you can always count on me  
I'm your soul sister, gonna dance until we're free  
Because we're Soul Sisters, sing with me!

I'm gonna hold, hold you sister, hold you in my love  
Won't let you go, no sister, even when times are tough  
Cuz, that's what we do, true sisters, keep lifting each other high  
We're gonna get you through sister, crysalis to a butterfly

So I'm callin' you.... soul sister just lay your burden on me  
Cause you're my.... soul sister, you can always count on me  
I'm your soul sister, we're gonna dance until we're free  
Because we're Soul Sisters, be with me! Soul Sister, embrace me!
